

Board Meeting Agenda

Russ Baggerly, Director
Mary Bergen, Director
Bill Hicks, Director

Pete Kaiser, Director
James Word, Director

CASITAS MUNICIPAL WATER DISTRICT
March 14, 2012
3:00 P.M. – DISTRICT OFFICE

Right to be heard: Members of the public have a right to address the Board directly on any item of interest to the public which is within the subject matter jurisdiction of the Board. The request to be heard should be made immediately before the Board's consideration of the item. No action shall be taken on any item not appearing on the agenda unless the action is otherwise authorized by subdivision (b) of ¶54954.2 of the Government Code and except that members of a legislative body or its staff may briefly respond to statements made or questions posed by persons exercising their public testimony rights under section 54954.3 of the Government Code.

1. Public Comments
2. General Manager comments.
3. Board of Director comments.
4. Consent Agenda
 - a. Minutes of the February 22, 2012 Board Meeting.
 - b. Resolution awarding a contract for LCRA Lazy River Repairs Specification 12-352 to Industrial Coating & Restoration, Inc. in the amount of \$69,498.00.

RECOMMENDED ACTION: Adopt Consent Agenda

5. Bills
6. Committee/Manager Reports
 - a. Executive Committee Minutes
 - b. Recreation Committee Minutes
7. Discussion and direction regarding possible addendum to recently adopted MOU's with SEIU represented employees regarding the Holiday policy.

8. Redistricting

- a. Recommend passing a motion that the populations of the divisions are sufficiently different, based on the 2010 Census, to require a change in division boundaries based on the current populations of the division.

RECOMMENDED ACTION: Motion approving recommendation

- b. Resolution changing the boundaries of the divisions and requesting the Elections Division at the County of Ventura to implement the new division boundaries before the November 2012 election.

RECOMMENDED ACTION: Adopt Resolution

9. Recommend approval of a letter to CPUC regarding the Public Notice for GSWC Application No. 11-07-017.

RECOMMENDED ACTION: Motion approving recommendation

10. Information Items:

- a. Monthly Cost Analysis for operation of Robles, fisheries and fish passage.
- b. Letter from Tessa Roper regarding Golden State Water Company public comment to CPUC.
- c. News Articles.
- d. Investment Report.

11. Closed Session

- a. (Govt. Code Sec. 54956.9 (c))
Conference with Legal Counsel – Anticipated Litigation (One case).

12. Adjournment

If you require special accommodations for attendance at or participation in this meeting, please notify our office 24 hours in advance at (805) 649-2251, ext. 113. (Govt. Code Section 54954.1 and 54954.2(a).

Minutes of the Casitas Municipal Water District
Board Meeting Held
February 22, 2012

A meeting of the Board of Directors was held February 22, 2012 at Casitas' Office, Oak View, California. Directors Baggerly, Word, Hicks, Bergen and Kaiser were present. Also present were Steve Wickstrum, General Manager, Rebekah Vieira, Clerk of the Board, and Attorney, John Mathews. There were three staff members and no members of the public in attendance. President Baggerly led the group in the flag salute.

1. Public Comments

None

2. General Manager comments.

Mr. Wickstrum reported on the lack of rainfall and that it was 80 degrees on this late February day. He informed the board that next Wednesday there will be a shut down on the Santa Ana Main out to the Recreation Area and Casitas Fire Station. The following week there will be a shut down on the Santa Ana Main that goes in the watershed. We are sending out flyers to Rancho Matilija and will contact their homeowners association. Mr. Wickstrum then informed the board that the fusion of the pipe on Rincon 2 M has started. If you want to look at it we could go up and see the operation. There has been a small change order as the PVC pipe manufacturer backed out and we moved to hdpe which I prefer. The cost is \$15,000 more but it is better pipe.

Mr. Wickstrum mentioned the notice regarding the filing of the appeal with the court in DC. He then informed the board of the two CPUC meetings being held in Ojai. Ms. Bergen stated she would attend the 2:00 meeting.

3. Board of Director comments.

Director Hicks informed the board of the Coastal Commission meeting being held in Ventura for the first time. The agenda is regarding development in the area. He will forward the information to Rebekah and it will be forwarded to the Board.

President Baggerly mentioned the notice on the SOD meeting and that he could not be on the conference call that date. It was then determined that the Finance Committee is handling the SOD meetings and both Directors Bergen and Word are available for the teleconference on March 6th.

Mr. Mathews then mentioned a change to the agenda suggesting that closed session item 12 c be placed on the regular action agenda. It is a recommendation to approve or deny a claim. It was made agenda item 10 a.

4. Consent Agenda

ADOPTED

- a. Minutes of the January 7, 2012 Board Meeting.
- b. Minutes of the February 8, 2012 Board Meeting.
- c. Recommend receipt of the Casitas Water Adventure End of Year report.
- d. Recommend letters of appreciation to Sue Hughes and Anthony Emmert for their assistance with Prop 50 supplemental funding.
- e. Resolution authorizing withdrawal of membership in Ventura County Regional Energy Alliance.

Director Word asked that the January 7th minutes, page six, second paragraph be re-worded as it is difficult to understand what was discussed. He also asked that Steve's comment later is not clear how they get to a million dollars a year and it needs to be re-worded. It will keep accumulating to where it will be over a million dollars a year. President Baggerly asked that page seven, the last sentence be changed as it was not the chairs prerogative to move it to the Executive Committee but that Director Kaiser suggested that it be moved to Executive Committee. He also requested the minutes reflect Director Kaiser's question of counsel if this would have bearing on the Casitas case and counsel answered absolutely.

The Consent Agenda with changes to the minutes was offered by Director Word, seconded by Director Bergen and passed with Director Kaiser abstaining from the vote for the portion approving the minutes from the February 8 Board Meeting as he was not in attendance. The Consent Agenda was passed by the following roll call vote:

AYES:	Directors:	Kaiser, Bergen, Hicks, Word, Baggerly
NOES:	Directors:	None
ABSENT:	Directors:	None

Resolution is numbered 12-08.

5. Bills

APPROVED

Director Hicks questioned the roof repairs for \$22,000. Mr. Wickstrum explained that is for the roof at the Casitas chlorination station, one of the Bureau's buildings. Director Hicks asked if we obtained bids on the project and Mr. Wickstrum replied yes.

Director Hicks then asked about the payment to the State of California, EDD for \$2624.08 reimbursable benefit charges. Denise Collin explained this is for reimbursement to the state for unemployment payments. They pay the benefit and then bill us for it. President Baggerly added it is probably best not to talk about personnel issues at the board meeting. You can check with her later.

On the motion of Director Word, seconded by Director Hicks and passed, the bills were approved.

6. Committee/Manager Reports

APPROVED FOR FILING

- a. Executive Committee Minutes
- b. Personnel Committee Minutes
- c. Finance Committee Minutes

Director Hicks asked about moving of the division boundaries. Mr. Wickstrum explained that we try to do this when we get the census data. We are looking to make a small change. Director Bergen's Division is small and Director Kaiser's is too high. This balance is sometimes hard to achieve due to dealing with election district boundaries.

Director Word asked that the Executive Committee minutes be changed to reflect the change of Committee members to Directors Baggerly and Word. Director Word asked about the Personnel Committee meeting time and date. It has been changed to the second Monday at 4:30 p.m.

On the motion of Director Bergen, seconded by Director Hicks and passed, the Committee/Manager Reports were approved for filing.

7. Resolution awarding award of a contract SWRCB Grant Improvement Project – Pipe Bridge and Instrumentation, Specification 11-344 to Toro Enterprises Inc in the amount of \$515,200.

ADOPTED

Mr. Wickstrum informed that board that this is a project we have long awaited to get started to help Senior Canyon use their water supplies more efficiently. Ron Merckling, Sue Hughes and Tony Emmert have worked hard to make this happen. We were short of money and the City of Oxnard had extra grant money left over. There was a request and offering to transfer those grant funds to us so we can do this project. Mr. Merckling mentioned that President Baggerly spoke with the Board of Supervisors when this was approved. Mr. Wickstrum explained that it was good that the parties in this county moved \$438,000 from Oxnard to Senior Canyon. We are pulling the SCADA project and other work from this bid as it will be completed through a different contract. President Baggerly added that this kind of cooperation is unprecedented except in Ventura County.

The resolution was offered by Director Word, seconded by Director Bergen and adopted by the following roll call vote:

AYES:	Directors:	Kaiser, Bergen, Hicks, Word, Baggerly
NOES:	Directors:	None
ABSENT:	Directors:	None

Resolution is numbered 12-09.

8. Recommend approval of a letter to Ventura County Resource Management Agency regarding the Mosler Quarry.

DENIED

President Baggerly passed the gavel to Director Word and then made a motion to approve the above recommendation. The motion died for lack of a second.

9. Recommend approval of leak relief to the estate of Pauline Davis in care of Diane Atkinson in the amount of \$1,370.08.

APPROVED

On the motion of Director Word, in keeping with current policy, seconded by Director Bergen and passed, the above leak relief was approved.

10. Recommend approval of the agreement for the operation and management of the Casitas Water Adventure Temporary Seasonal Snack Bar Concession at Lake Casitas Recreation Area with the Butcher Shop.

APPROVED

On the motion of Director Kaiser, seconded by Director Hicks and passed, the above recommendation was approved.

- 10 (a). Claim for State Farm and their demand for \$6,177.27 for a rupture of a bidet pipe.

DENIED

Mr. Wickstrum recommended that this claim be denied as the property in question is at the Hitching Post Estates in Ojai and they have backflow devices and pressure regulators.

On the motion of Director Word, seconded by Director Hicks and passed the recommendation to deny the above referenced claim was passed.

11. Information Items:

- a. Recreation Area Report for January 2012.
- b. Letter from Ventura River County Water District regarding assistance received from Casitas employee Jerry Herrera.
- c. Results from recent Surplus Sale.
- d. Informational memo regarding the preliminary budget preparation schedule.
- e. News Articles.
- f. Investment Report.

12. Closed Session

President Baggerly moved the meeting to closed session at 4:04 p.m. with John Mathews stating the closed session was to cover items 12 a, b and d of the

closed session agenda. Item c had been discussed in open session as item 10 a.

- a. Conference with Real Property Negotiators (Govt. Code Sec. 54956.8)
Property: Lake Casitas Recreation Area Marina
Park Store

Agency Negotiator: Steve Wickstrum
Under Negotiation: Terms, price and contractual conditions
- b. (Govt. Code Sec. 54956.9 (c))
Conference with Legal Counsel – Anticipated Litigation (One case).
- c. Liability Claims (Govt. Code Sec, 54956.95)
Claimant: State Farm
Agency Claimed Against: Casitas Municipal Water District

Handled in open session as item 10 a.
- d. Public Employee Performance Evaluation (Govt. Code Sec. 54957)
Title: General Manager TABLED

President Baggerly moved the meeting back into open session at 5:01 p.m. with John Mathews stating two items were discussed in closed session. Under the first item, conference with real property negotiators, the board gave direction to the negotiators and no specific action was taken. On the second item, conference with legal counsel on anticipated litigation the board gave oral instructions to the General Manager to open a dialog with the City of Ojai. The Public Employee Performance Evaluation was tabled to the next meeting.

- 13. Discussion and possible recommendation for approval of modification to the General Manager's compensation. TABLED
- 14. Adjournment

President Baggerly adjourned the meeting at 5:02 p.m.

Bill Hicks, Secretary

**CASITAS MUNICIPAL WATER DISTRICT
INTEROFFICE MEMORANDUM**

TO: STEVE WICKSTRUM, GENERAL MANAGER
FROM: NEIL COLE, CIVIL ENGINEER
SUBJECT: AWARD CONTRACT-LCRA LAZY RIVER REPAIRS, SPECIFICATION 12-352
DATE: MARCH 8, 2012

RECOMMENDATION:

It is recommended that the Board of Directors adopt the resolution accepting the proposal submitted by the lowest responsible bidder and award the contract for the construction of the LCRA Lazy River Repairs, Specification 12-352 to Industrial Coating & Restoration, Inc in the amount of \$69,498.00. It is further recommended that the President of the Board execute the agreement for said work and the Board authorize staff to proceed with the administration of the contract.

BACKGROUND AND DISCUSSION:

The Lazy River has been in operation since 2003. In 2011, the Lazy River coaming (faux rock) was coated. It is now time to coat the rest of the Lazy River. The coating system will include a cement based water proofing coating followed by an epoxy coating. The final color will remain white.

The project was advertised through F.W. Dodge and the Casitas web site. Two firms visited the site. One firm submitted a proposal. The bid results are:

FIRM	AMOUNT
Industrial Coating & Restoration	\$69,498.00

Industrial Coating & Restoration has successfully completed similar projects for Casitas at the Lazy River. Industrial Coating & Restoration has a current and valid contractor's license and has a satisfactory safety record.

The FY 2011-12 Capital Budget included \$75,000 to complete repairs to the Lazy River and replace the splash pads. The replacement of the splash pads will not occur this year. Some of the construction cost may be eligible for funding from the United States Bureau of Reclamation.

CASITAS MUNICIPAL WATER DISTRICT

**RESOLUTION AWARDING A CONTRACT
FOR THE LAKE CASITAS RECREATION AREA
LAZY RIVER REPAIRS
SPECIFICATION NO. 12-352**

WHEREAS, the District invited bids from qualified contractors for the above-referenced project; and

WHEREAS, the District received one bid; and

WHEREAS, Industrial Coating & Restoration submitted the low bid in the amount of \$69,498.00.

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the Casitas Municipal Water District as follows:

1. That Industrial Coating & Restoration bid substantially complies with the requirements set forth in the bid invitation and is responsive.
2. That the bid from Industrial Coating & Restoration in the amount of \$69,498.00 be accepted for the Lake Casitas Recreation Area (LCRA), Specification 12-352 and a contract awarded.
3. That staff is hereby authorized and directed to proceed with the administration of the contract with Industrial Coating & Restoration.

ADOPTED this _____ day of _____, 2012.

Russ Baggerly, President
Casitas Municipal Water District

CASITAS MUNICIPAL WATER DISTRICT
Inter-Office Memorandum

DATE: March 8, 2012
TO: Board of Directors
FROM: General Manager, Steve Wickstrum

Re: Executive Committee Meeting of March 7, 2012

RECOMMENDATION:

It is recommended that the Board of Directors receive and file this report.

MEETING:

1. Roll Call. Director Baggerly and Director Word, GM Steve Wickstrum
Public – Jeff Ketelsen

2. Public Comments.
Mr. Ketelsen expressed interest in the State Water Project as it applies to the District. The Committee informed Mr. Ketelsen on each question.

3. Board/Manager comments.
Director Baggerly reported that he will be attending the Watershed Coalition of Ventura County Climate Change presentation.

The General Manager informed the Committee that on this day the Santa Ana Main Extension is being severed from the distribution system. This action has been postponed while waiting for action on the watershed houses, and removes a 2-mile dead lateral from the distribution system.

The General Manager also received an invitation to join Ventura Water in celebrating World Water Day. Ventura Water will be screening a new movie on the importance of elevating the value of water. The event requests a RSVP. The invitations will be also provided to directors.

The General Manager shared a letter from Tessa Roper, Ojai property owner, and a copy of her letter to the CPUC regarding the Golden State Water Company rate hearing. The Committee asked that the letter be included as information in the board agenda.

4. Update on State Water.
The General Manager reported that Casitas and the City have submitted water to the Turn-Back Pool A. The Committee was informed of the transaction with United Water Conservation District for 1,260 AF of Casitas' water, offered at the same price as the Turn-back Pool A, and subsequent changes that were made by the Department of Water Resources that appears to have left United with a shortage of State Water. The Committee advised continuing with administration of the State Water.

5. Discussion regarding the Redevelopment Agency Dissolution.
The Committee considered the likely candidate to be appointed to the Oversight Committee. There is a need for more information regarding the commitment required. The representative from the City of Ventura will be contacted to obtain more information. The Committee suggested that this may be well suited for Accounting Manager Denise Collin. The consideration of the appointment will be brought to the Board after more information is obtained by the District.

6. Discussion regarding the California Enterprise Development Authority.
The General Manager brought in an interesting letter from the California Enterprise Development Authority (CEDA). The CEDA plans to form an assessment district to finance distributed generation of renewable energy resources and energy and water efficiency improvements. Very little is known about CEDA by the District. The program is voluntary for property owners and does not increase the property taxes of non-participating property owners. Ron Merckling will investigate further.

CASITAS MUNICIPAL WATER DISTRICT
Inter-Office Memorandum

DATE: March 5, 2012
TO: Board of Directors
FROM: General Manager, Steve Wickstrum
Re: Recreation Committee Meeting of February 3, 2012

RECOMMENDATION:

It is recommended that the Board of Directors receive and file this report.

BACKGROUND AND OVERVIEW:

1. **Roll Call.** Directors Kaiser and Word (alternate)
Staff – PSM Carol Belser
Public – None
2. **Public comments.** None.
3. **Board/Management comments.**
PSM Belser reported that a theft of coins from the shower house had occurred Sunday morning. An investigation is on-going.

PSM Belser reported that the on-line reservation system is operating and that over 550 reservations had been processed since February 1.

The Kid's Fishing Day is scheduled for March 24th.

4. **Discussion and review of the vessel fleet use flow chart.**
PSM Belser presented diagrams that illustrated the assignments for the district's lake vessels. The key purposes for the vessels are for Lake Ordinance compliance, maintenance, water quality and fisheries. The Committee understood the vessels as important tools to the many tasks that the district must accomplish on Lake Casitas.
5. **Review of the draft capital budget and Bureau grant funded projects.**
The committee reviewed the direction of staff with the development of the FY2012-13 budget and the increased list of capital projects. The funding provided by the Bureau will assist the district in accomplishing many projects that are greatly needed at the LCRA. The Committee discussed the deficit in the budget and felt that it was justifiable without an increase in the fee structure.
6. **Review of claim of Mr. Gushwa regarding stolen propane tank from Trailer Storage.**
PSM Belser presented Mr. Gushwa's claim for a loss that occurred at the Trailer Storage. Staff will move forward to deny the claim, given the liability exclusion that is a part of the Trailer Storage contract.

**CASITAS MUNICIPAL WATER DISTRICT
INTEROFFICE MEMORANDUM**

TO: BOARD OF DIRECTORS
FROM: ASSISTANT TO GENERAL MANAGER, REBEKAH VIEIRA
SUBJECT: HOLIDAY POLICY IN RECENTLY ADOPTED MEMORANDUM OF UNDERSTANDING WITH GENERAL, RECREATION AND SUPERVISORY AND PROFESSIONAL EMPLOYEES.
DATE: MARCH 9, 2012

Recommendation:

It is recommended that the Board of Directors choose one of the following actions:

1. Recognize Cesar Chavez Day as an authorized holiday for 2012 and 2013 by approving an addendum to the current language by adding "As a substitute for *"In addition, each day declared by the President of the United State or the Governor of the State of California as a holiday shall be observed as a Casitas holiday."* In the Article 16 Holidays, Section B, the District will recognize Cesar Chavez Day as a regularly scheduled holiday for the term of this MOU."
2. Continue with the past practice of following the specific days that are listed as observed holidays as they are individually listed in Article 16 Holidays of the MOU's.
3. Direct staff to continue to negotiate or to place a closed session negotiation item on the following Board agenda for further discussion.

Background:

Effective November 1, 2011 the District entered into new MOU's with the General, Recreation and Supervisory & Professional units. This followed a long negotiation process whereby all parties worked diligently to create a more comprehensive MOU.

Within a few weeks of the adoption of the MOU's I was informed that there was a question regarding holidays and the employees felt they should be provided all additional holidays per section 16 such as Cesar Chavez, Columbus Day and Lincoln's birthday. There were some additional items that we wanted to discuss for clarification and ultimately a meeting was held with the bargaining units and SEIU. It was presented that it was never the intention of the district to increase the current number of holidays and that this article was one in which there were no changes from existing language. Additionally I suggested that in this instance we could look at past practice which was that the additional holidays including Cesar Chavez Day were not observed. SEIU suggested that the district authorize

Cesar Chavez Day as a paid holiday for this year and next and provided addendum language to that effect.

This is the Holiday Article from the General Unit MOU

ARTICLE 16 HOLIDAYS

- A. Paid holidays shall be authorized only for regular, full-time employees. To be entitled to pay for such holidays, an employee must be entitled to pay for both the scheduled working days before and after such paid holidays.
- B. Regularly scheduled holidays include New Year's Day, Martin Luther King Day, Washington's Birthday, Memorial Day, Independent Day, Labor Day, Veteran's Day, Thanksgiving Day and Christmas Day. In addition, each day declared by the President of the United States or the Governor of the State of California as a holiday shall be observed as a Casitas holiday. In the event one of the above-named holidays falls on Saturday, the preceding Friday shall be considered as the holiday, and in the event one of the holidays falls on Sunday, the Monday following shall be considered as the holiday. Non-exempt employees who may be required to work on any of the above holidays shall receive compensation for such time at the overtime rate in addition to their holiday pay.
- C. In addition to the above holidays, all regular, full-time employees shall be entitled to two additional holidays each year as follows:
 - 1. General Unit: The day following Thanksgiving Day and the working day before or after Christmas Day.
 - 2. Recreation Unit: It shall be Easter and the working day before or after Christmas
- D. For those employees whose tours of duty are other than the regular Monday through Friday work week, and who are required to work the actual holiday, compensation for such time worked will be at the overtime rate. Additionally, these employees will be given either the time off or receive holiday pay for the holiday within the following week, as determined by the supervisor to fulfill the needs of the section in the best interest of Casitas. In the event that the holiday falls on an employee's regular day off, equal time off or holiday pay will be given.

The language of concern is in Article 16 section B *"In addition, each day declared by the President of the United States or the Governor of the State of California as a holiday shall be observed as a Casitas holiday."*

Additionally it should be noted that at some time in the past the district had provided for different dates of holidays and had floating holidays. The last time the holidays were changed was to convert floating holidays into the day after Thanksgiving and the day before or after Christmas. (Please note: the Recreation Unit has Easter as a holiday rather than the day after Thanksgiving). The issue of Cesar Chavez Day is also one that had been raised

before with the previous General Manager. Meetings were held with SEIU regarding the holidays and the District did not change their observed holidays at that time.

The Personnel Committee discussed the holiday policy in February and it was decided that the entire board should hear this issue. The Committee reiterated that it was never the intent to increase the amount of holidays as they had compared the number of holidays with other entities. Additionally it was felt by all that the agreements were generous and favorable to the employees.

It is requested that the board take one of the actions listed above or provide further direction to staff.

CASITAS MUNICIPAL WATER DISTRICT
Inter-Office Memorandum

DATE: March 9, 2012
TO: Board of Directors
FROM: Neil Cole, Principal Civil Engineer
Re: Redistricting

RECOMMENDATION:

It is recommended that the Board of Directors take the following actions:

1. Pass a motion that the population of the divisions are sufficiently different, based on the 2010 Census, to require a change in division boundaries based upon the current populations of the divisions. (Requires 2/3 vote)
2. Adopt the attached resolution changing the boundaries of the divisions and requesting the Elections Division at the County of Ventura to implement the new division boundaries before the November 2012 election.

BACKGROUND AND OVERVIEW:

Existing Population of the Divisions:

The existing populations of the divisions per the information provided by the County of Ventura are as follows:

Division 1	11,565
Division 2	11,160
Division 3	14,711
Division 4	10,344
Division 5	11,877

The population of the District per the County is 59,657. The average population of a division is 11,931. The difference between the high and the low is 4367. This would appear to be sufficient for the Board to find that the divisions are different in population to require a change. The determination of what is sufficient is for the Board to determine.

Proposed Population of the Divisions:

The proposed new boundaries of the divisions are as provided in Attachment A. The changes in the boundaries would put the division population as follows:

Division 1	11,565 (unchanged)
Division 2	11,160 (unchanged)
Division 3	13,118
Division 4	11,937
Division 5	11,753 (unchanged)

The total of the population is still the same at 58,289. The difference between top and bottom division is 1958. This is closer than the previous organization. All directors would remain in their current divisions.

ALTERNATIVES AND ANALYSIS:

The Board may consider any other changes in the boundaries of the divisions as they may desire and staff will prepare the changes. The limitation on changes from the laws perspective is 180 days before any election that this is appropriate for. This means that Casitas would have to pass the resolution by the second meeting in April 2012 or the changes would not be in time for the November 2012 election.

RECOMMENDATIONS:

It is recommended that the Board of Directors take the following actions:

1. Pass a motion that the populations of the divisions are sufficiently different to require a change in division boundaries based upon the current populations of the divisions. (Requires 2/3 vote)
2. Adopt the attached resolution changing the boundaries of the divisions and requesting the Elections Division at the County of Ventura to implement the new division boundaries before the November 2012 election. (Requires majority vote)

CASITAS MUNICIPAL WATER DISTRICT

RESOLUTION REQUESTING THE COUNTY ELECTIONS OFFICE TO CHANGE
THE BOUNDRIES OF THE DIVISIONS OF DIRECTORS FOR CASITAS
MUNICIPAL WATER DISTRICT IN ACCORDANCE WITH ATTACHMENT A

WHEREAS, the Board has determined that the population of the divisions are sufficiently different, in accordance with the information provided by the County, that there is a need to redistrict; and

WHEREAS, the Board has reviewed the proposed boundaries and the population within those boundaries; and

WHEREAS, each of the current Directors are still within their respective division; and

WHEREAS, the new boundaries more correctly balance the population of the Divisions of the District; and

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the Casitas Municipal Water District that the Boundaries are changed in accordance with the Attachment A as presented at the Board meeting on _____, 2012, and the County Elections is requested to change the Boundaries of Casitas Municipal Water District Director Divisions effective for the November 2012 election.

ADOPTED this ____th day of _____, 2012

President, Casitas Municipal Water District

ATTEST:

Secretary, Casitas Municipal Water District

March 9, 2012

Administrative Law Judge Richard Smith
Public Advisors Office
505 Van Ness Avenue, Room 2103
San Francisco, CA 94102

Subject: Golden State Water Company Ojai Service Area Application No. 11-07-017- Public Notice

Dear Judge Smith:

The notice for the Public Participation Hearing for Golden State Water Company (GSWC) Rate Increase seems to be using Casitas Municipal Water District's (CMWD) wholesale water sales as one of the reasons for this rate increase. The notice reads:

"These increases are necessary **to keep up with increased purchased water** and pumping costs which are out of GSWC's control and to meet GSWC's goals to ensure a safe and reliable source of supply, improve infrastructure and to promote the efficient use of water." (Emphasis added, see enclosure)

Here are the facts surrounding water purchases from CMWD:

CMWD is the only source of water for Golden State to purchase for the Ojai service area.

Golden States' water purchases from CMWD have been consistently dropping:

In 2008 – GSWC purchased 646 AF

In 2009 - 578 AF

In 2010 - 266 AF

In 2011 - 113 AF (See enclosed consumption report)

And finally, CMWD has not had a rate increase in three years.

Simply stated, GSWC is purchasing less water with no increase in price.

CMWD wishes to make these facts absolutely clear to the Public Utility Commissioners and in the Administrative Law Judge's record, that wholesale water purchased from CMWD is NOT one of the reasons to justify a rate increase.

Thank you for the opportunity to comment on this issue of importance to CMWD and the community of Ojai.

Sincerely yours,

Russ Baggerly
President of the Board

Steve Wickstrum
General Manager
Casitas Municipal Water District
1055 Ventura Ave,
Oakview, CA 93022

Dear Mr. Wickstrum:

This week, I attended the public hearing meeting for GSWC's rate increase requests and, as a GSWC customer, I am submitting the enclosed letter as public comment to the CPUC. As it is my understanding that Casitas is potentially considering taking over GSWC's service area through eminent domain. I thought you should also have a copy of this letter and be made aware once again of the untenable situation we GSWC ratepayers are faced with so that you can factor that into your decision regarding future scenarios.

Thank you,

A handwritten signature in cursive script that reads "Tessa Roper". The signature is written in black ink and has a long, thin horizontal stroke extending to the right.

Re: Golden State Water Company's Application No. 11-07-017

To: Members of the Public Advisor's Office, CPUC

This letter is in response to GSWC's most recent application for rate increases, for 2013-2015. I attended the Public Participation Hearing in Ojai this week and am submitting my comments in writing. My husband and I own a multi-family building in Ojai in GSWC's billing area. It consists of 12 1-bedroom units and all of my tenants are low income. We have owned this building since late 2003 and we own a similar building in Ventura with 11 units. For this reason, we have a unique opportunity to compare our water bills each month—and to be amazed at just how different they are. Here's a brief summary of how those bills differ:

Meter charge	GSWC: \$305	City of Ventura: \$28
Rate per CCF	GSWC: about \$4.54	City of Ventura: about \$2.2
Tiered rates that adjust for multi-family units?	GSWC: NO	Ventura: Yes
Difference in cost for water/2 mos:	GSWC: 132 ccf for \$920.00	Ventura: 132 ccf for \$320.00

That's a \$600 difference, for essentially the same thing.

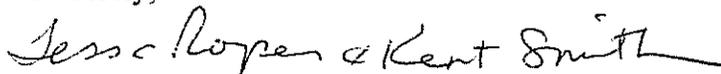

In addition, I looked back at my GSWC bills for our Ojai building from 2004, soon after we purchased the property. At that time, **less than 8 years ago, the meter rate was \$156. And for an average water use of 145 ccf (less on average than we use now), I paid \$453.** I looked for a per ccf figure on the bills, but each of the 5 bills said they were "pro-rated", meaning that the rate had gone up that month so the per ccf rate was not steady and thus not stated on the bill. This is common on GSWC bills—it's hard to find one that clearly states rates and tiers. Is not difficult math to realize that my water rates in Ojai have gone up a full **100% in less than 8 years**, soon to rise even more. That is a rate of increase that puts even the universities and health insurance companies to shame! It would be wonderful if my rents had also gone up by that much but, in fact, they have decreased in recent years due to the economic downturn.

I heard many excellent comments at the public hearing this week and I agree with them all. I think the two most important points that deserve reiterating here are as follows: GSWC is not providing water at a "reasonable rate"—not by a long shot. How does one know what's reasonable to pay for a house, a car, a business? You shop around, you see what the "going rate" is by looking at comparative providers and items in the same vicinity, and then you know what to charge or what to pay. Is the CPUC doing this for GSWC on behalf of ratepayers? I can't see how they could be, considering how out of line the rates are with other local providers. GSWC should be granted NO rate increases, only decreases, and perhaps that will induce them to set up shop somewhere else so

local entities can take over these services. The second important point that also rests at the feet of the CPUC is the fact that they **guarantee** GSWC a certain return on their investment, and a good one at that. Of course they want to do as many capital improvement projects as possible—who wouldn't? If someone told me I would get 7-8% back on every improvement I did at my building, I would do it in a heartbeat. This is truly an unreasonable structure that induces GSWC to do capital improvements that are in all likelihood not needed, and then to charge ratepayers for it. Somehow, this needs to be changed, or at least serious oversight needs to be provided by the CPUC to make sure these projects are needed and that ratepayers agree they are worth the increase we must pay.

This situation is at a tipping point I believe and **MUST** be changed. Water is public good, everyone needs it, and property owners cannot continue to pay more every billing cycle just so distant GSWC shareholders can benefit. GSWC's requests are out of control and completely out of line with local reality. They must either be severely curtailed in their capital activities and rate demands, or a different provider needs to be brought in. This will be a **HUGE** step toward ensuring the long-term viability of Ojai in terms of property values, small businesses, affordable living and healthy growth for our community. Please don't allow GSWC to tie our hands and dictate our future.

Sincerely,

A handwritten signature in black ink that reads "Tessa Roper & Kent Smith". The signature is written in a cursive, flowing style.

Ojai residents speak out against water rate increases

By Anne Kallas

Originally published 06:02 p.m., February 29, 2012

Updated 06:22 p.m., February 29, 2012

Ojai residents and public officials voiced opposition Wednesday to a proposed water rate increase of more than 17 percent over the next three years.

Two public hearings were held by the California Public Utilities Commission at Chaparral High School. The commission has the final say over the rate increases proposed by Golden State Water Co.

Administrative Law Judge Richard Smith led the hearings. Smith said that because no one was sworn in during the hearings, no comments could be considered evidence.

"I won't decide the outcome based on comments, but I will use the comments as background for my decision," Smith said.

He said more than 1,000 pages of testimony have been submitted regarding Golden State's rate request and that it can take up to 20 months for the process to play out. Evidentiary hearings are scheduled for two weeks in April and May, with a decision to come by the end of 2012.

The bases for the rate increase is a series of capital improvements amounting to \$6.7 million over three years and increasing costs, according to Golden State official John Goran.

Lisa Bilir of the Division of Ratepayer Advocates, an independent ratepayer advocacy division of the commission, said her office has looked at the proposal and thinks the capital-improvement costs shouldn't be fully borne by customers. While Golden State is asking for a 14.7 percent increase in revenue for 2013 in its Ojai service area, the advocate's office is proposing a 4.7 percent increase for the same period.

Ojai Councilman Paul Blatz told Smith the community already is upset over the private water company's existing rates and that any increase would be too much. Some residents have formed a group to urge a public takeover of the water system.

"Our water is three, four, six times more expensive than what the communities around us are paying. I believe Golden State is investing in capital improvements to raise the rates," Blatz said. "We as a city are very concerned about this situation, and we're here to support the concerns of our citizens."

Ojai City Manager Rob Clark brought a graph showing Golden State water rates compared with those of other providers in the Ojai Valley.

"It's an issue of affordability," Clark said. The advocates office "is recommending including affordability as a consideration in the next rate request. We request that affordability be considered here."

Ventura Councilman Brian Brennan presented a letter from Ventura County Supervisor Steve Bennett. "As the county supervisor for the Ojai service area, I object to the subject rate increase request and implore the commission to undertake a detailed and thorough review to keep any rate increase to the minimum," Bennett wrote, adding the company's request includes increasing rates to help pay for its increased income taxes. "It is offensive that Ojai water customers would pay the income taxes on Golden State's increased profits."

Resident Richard Hajas said that as customers use less water because of the exorbitant rates, there will be fewer people to bear the escalating costs.

"Golden State enjoys a monopoly on the water service, but not on the groundwater basin," he said. "They need to put a moratorium on the capital-improvement plans until an affordability study can be done."

After the meeting, Ryan Blatz — Paul Blatz's son and a member of the Ojai FLOW group advocating for the Casitas Municipal Water District to take over the Golden State water franchise using eminent domain — said his group still hopes Casitas will agree.

During the meeting, Ryan Blatz asked for a show of hands of how many people had called to complain about their water bills, saying that customer satisfaction is a key consideration in rate increase cases.

"Let the record show a good number of people raised their hands," Smith said.

"How many people are unhappy with their water rates?" Ryan Blatz said.

"Let the record show that almost everybody raised their hands," Smith said.

Mitch Zak, a Golden State Water spokesman, said the company welcomed the hearing. "It's important that they have some influence in the rate-paying process," Zak said.

He said Golden State is taking measures to streamline operations through changing its pension plan and otherwise "minimizing administrative costs."

Citizens express water rate frustrations to CPUC

Logan Hall

logan@ojaivalleynews.com

Ojai's citizens made no secret of their feelings toward Golden State Water Company Wednesday during two public water rate hearings. The public participation hearings, held at 2 and 6 p.m. in Chaparral Auditorium, regarded GSWC's latest rate case. The company is requesting a 25 percent increase in water rates by 2015.

The California Public Utilities Commission, which oversees privately owned utilities like Golden State, gave the floor to locals, letting them vent their growing frustration toward rising water rates in Ojai. The CPUC's Administrative Law Judge Richard Smith, who will ultimately make the decision regarding GSWC's rate case, listened to the complaints of dozens of citizens through the course of the two hearings.

One local GSWC customer, Vicky Clarke, elicited whoops, hollers, laughter, and ultimately wild applause after offering Smith a pitcher of water claimed to be from her home tap. Although refraining from sampling the pitcher's contents, the judge smiled, motioning for Clarke to bring the pitcher to his

table on the auditorium stage. "I'll take a look at it," he said.

Clarke also held up a plastic dish drainer mat that she said regularly comes into contact with Golden State-provided water as she lets her dishes dry. She proceeded to show a white buildup of material that she told Smith was a direct result of poor quality water. "I wiped one side with ArmorAll and left the other side with all the gunk on it," she said after the hearing. "See how bad it is?"

Clarke was far from being the only one in attendance who had something to say about Golden State. CPUC officials on site counted 297 people attending the two hearings, and reported that 57 of those stood up to speak, addressing Smith with concerns on their rising water bills.

"We all live here," said GSWC customer Karen Dingman during the CPUC's 6 p.m. hearing, as she swept her hand over the gathered masses. "We are not going to take it any more."

Many others echoed the complaints of Dingman and Clarke throughout the evening.

"Real estate in Ojai has been

really hurt by the water rates," said local Realtor Dale Hanson. "People can't afford to water their lawns."

Commenting on Golden State's request to charge Ojai customers more for their water, local flower shop owner Jodi Brandt painted a grave picture. "This almost put my business under," she told Smith. "That's my livelihood."

When the judge asked if there were any public officials present that would like to speak, Ojai Mayor Betsy Clapp stood up and headed for the microphone. "I don't have anything prepared because I'm speechless," said Clapp. The mayor cited grievances with Golden State, including "unnecessarily high rate increases" and "unfair billing practices," as well as the company's controversial meter charge. "I beg you to not give Golden State a single-percent increase, and if at all possible, a reduction," she concluded, getting cheers from the audience.

Cindy Cantle, who represented Ventura County Supervisor Steve Bennett, read a statement from Bennett on the matter that said, in part: "I object to the subject rate increase request ... Far greater and more regular oversight must be exercised by the CPUC to assure that customers are protected from overcharges and unnecessary or inflated capital expenditures."

Earlier in the day, Ojai city manager Rob Clark and Ojai City Councilman Paul Blatz also spoke on the citizens' behalf. Other speakers included Friends of Locally Owned Water representatives Bob Daddi, Lou Torres, Ryan

Blatz and Pat McPherson.

Before speaking out against GSWC, the citizens who had packed into the auditorium listened quietly as Golden State regulatory affairs manager John Garon outlined the company's business practices in Ojai.

"Golden State's rates reflect the cost to provide service and maintain the infrastructure," said Garon, reading from a prepared statement as many of the evening's public speakers did. "We only recover our operating expenses on a dollar-for-dollar basis and earn a 'rate of return' on capital investments that helps pay financing costs. The California Public Utilities Commission must approve these rates, and this Public Participation Hearing is an important part of this process. Local input is important and gives every Golden State Water Company customer a voice and influence in the outcome."

Representatives from the Division of Ratepayer Advocates, an independent arm of the CPUC, recommended that the commission grant a much smaller increase than that requested by Golden State. A report given to Smith by DRA program and project supervisor Lisa Billir outlined the DRA's stance. "GSWC proposes a revenue increase of \$788,920 or 14.7 percent for 2013. DRA's report recommends a smaller

revenue increase of \$255,300 or 4.7 percent," read the report.

Judge Smith told the audience that he appreciated their comments and thanked them for participating, but that he could not consider the day's statements to be evidence.

"I'm very sympathetic to what I'm hearing," Smith said in an interview after the hearing. "I can't base my decision off of these comments though. The people who commented today were not sworn in, but I got good information from them."

Smith said that evidence would be considered during the CPUC's evidentiary hearings that are scheduled to take place in April. "Ultimately, I have to rely on the oral and written testimony from the (evidentiary hearing)," he continued. "There will be a time when I have to grind through it all. Hopefully it will all be ready by October."

A decision on the rate case, Smith explained, has to be made by the end of the year or temporary rates will have to be used. GSWC's current rate case includes requests for increases starting next year. "The earliest time that a decision would be made would be in November," he added.
