**\*Palmetto Bay Academy is authorized under Federal law to enroll non-immigrant alien students.\***

Palmetto Bay Academy's **international student program** is based on the experience of our Director Maggie Eubanks and Associate Director John Eubanks, who spent **five years designing and helping administer secondary and primary schools in China and Indonesia and seven years before that working and supporting ESOL learners in Texas**. They have 36 years of combined teaching and administrative experience.

Their expertise with international learners helps you know you will have an **experienced, knowledgeable support system for your American education journey!**

**Our program offers:**

- International Primary Curriculum (IPC) and targeted English and Mathematics Courses
- Low student-to-teacher ratio to support academic and social success
- American teachers experienced with international students
- Social/Emotional Growth Support
- Language support
- Support services for students with learning differences
- One-on-one teacher interactions
- Specialized cultural/field trips to truly "experience" South Florida
- Primary students must stay with a family member unless specifically approved by the school Director.
