Sonoma County Energy Independence Program

ALERT: Fannie Mae/Freddie Mac Instructions for Lenders

SINGLE FAMILY HOME OWNERS: In May, 2010, Fannie Mae and Freddie Mac, government sponsored enterprises that purchase a large segment of conforming single family home mortgages, issued new instructions to lending institutions on how to treat properties with assessments under Property Assessed Clean Energy (PACE) programs such as SCEIP. These letters, and additional statements issued by the Federal Housing Finance Agency, the agency that regulates single family home lenders, instruct lenders to treat energy assessments as “loans” instead of “assessments.” Copies of these letters and statements can be viewed at the following links or may be obtained upon request from the SCEIP storefront:

- <https://www.efanniemae.com/sf/guides/ssg/annltrs/pdf/2010/ll1006.pdf>
- <http://www.freddiemac.com/sell/guide/bulletins/pdf/iltr050510.pdf>
- <http://www.fhfa.gov/webfiles/15884/PACESTMT7610.pdf>
- http://www.fhfa.gov/webfiles/15963/PACE_ststament_7_14_10.pdf

On August 31, 2010, the agencies issued additional instructions to lenders that Fannie Mae and Freddie Mac “will not purchase mortgage loans secured by properties with an outstanding PACE obligation.” These letters can be viewed at:

- <https://www.efanniemae.com/sf/guides/ssg/annltrs/pdf/2010/sel1012.pdf>
- <http://www.freddiemac.com/sell/guide/bulletins/pdf/bl11020.pdf>

These letters and statements may lead lenders to conclude the assessment should be paid off before a property transfers or is refinanced. In addition, it may lead some lenders to conclude that participating in SCEIP is a violation of typical mortgage terms prohibiting prior liens without lender consent. If you are selling your property, a buyer’s lender may refuse to finance a loan unless the assessment is paid off. Sonoma County disagrees with these instructions and is working to modify this position. We urge you to carefully read the disclosure information in the SCEIP application, review your mortgage documents, evaluate the risks of proceeding with an application at this time, and contact your lender if you have any concerns or for information regarding any other financing options that may be available to you.

I/We have read the above statement. All property owners on title must initial below:

DISCLOSURE REGARDING ASSESSMENT FINANCING

The Sonoma County Energy Independence Program establishes the manner by which the County of Sonoma ("County") may finance, pursuant to Chapter 29 of Part 3 of Division 7 of the California Streets and Highways Code (commencing with Section 5898.10), the installation of distributed generation renewable energy sources or energy efficiency improvements that are permanently fixed to a property owner's real property ("Improvements"). Improvements will be financed pursuant to an assessment contract between the County and the property owner.

The financing of Improvements will be secured by and repayable through an assessment levied by the County against the owner's property (the "Property"). Each year until the assessment is paid off, assessment installments (including principal and interest) will be collected on the property tax bill for the Property in the same manner and at the same time as property taxes. Assessment installments will be subject to the same penalties, remedies (including foreclosure and sale of the property), and lien priorities as for property taxes in the event of delinquency.

The assessment and each installment thereof, and any interest and penalties thereon, will constitute a lien against the Property until paid even though prior to full payment the Property is conveyed to another person. An assessment lien will be recorded against the Property in the office of the County Recorder of the County of Sonoma upon execution of the assessment contract. Such lien will be paramount to all existing and future private liens against the Property, including mortgages, deeds of trust and other security instruments.

Before completing a Sonoma County Energy Independence Program Application, a property owner should carefully review any mortgage agreement(s) or other security instrument(s) which affect the Property or to which the property owner is a party. **ENTERING INTO A SONOMA COUNTY ENERGY INDEPENDENCE PROGRAM ASSESSMENT CONTRACT WITHOUT THE CONSENT OF THE OWNER'S EXISTING LENDER(S) COULD CONSTITUTE AN EVENT OF DEFAULT UNDER SUCH AGREEMENTS OR SECURITY INSTRUMENTS. DEFAULTING UNDER AN EXISTING AGREEMENT OR SECURITY INSTRUMENT COULD HAVE SERIOUS CONSEQUENCES TO THE PROPERTY OWNER, WHICH COULD INCLUDE THE ACCELERATION OF THE REPAYMENT OBLIGATIONS DUE UNDER SUCH AGREEMENT OR SECURITY INSTRUMENT. IN ADDITION, UPON RESALE OR REFINANCING OF THE PROPERTY, A LENDER MAY REQUIRE THAT THE ASSESSMENT LIEN BE PAID OFF PRIOR TO FUNDING ANY REFINANCING OR PURCHASE MONEY MORTGAGE.**

I(we) declare that (i) the owner has the authority, without the consent of any third party which has not been previously obtained, to execute and deliver the assessment contract, the Application, and the various documents and instruments referenced therein; and (ii) that executing the assessment contract, receiving financing for Improvements, and consenting to the assessment levied against the Property will not constitute a default under any other agreement or security instrument which affects the Property or to which the property owner is a party. **If you have any questions about any agreements or security instruments which affect the Property or to which you are a party or about your authority to execute the Sonoma County Energy Independence Program Application or enter into an assessment contract with the County without the prior consent of your existing lender(s), the County strongly encourages you to consult with your own legal counsel and your lender(s).** Sonoma County Energy Independence Program staff will not provide property owners with advice about existing agreements or security instruments.
